

Accessory Dwelling Unit Submittal Requirements Checklist

Submittal Requirements. The following information is required for a complete application. Please review this checklist with the City of Concord Planning Division to confirm specific requirements and to determine if other applications and/or materials are required.

All plans below shall be fully dimensioned and drawn to scale. **Three (3) sets of plans no smaller than 11" x 17"** are required for all applications. All **plans shall be collated, stapled, and folded** to 8 1/2" x 11" (approximately).

- APPLICATION FORM.** Include signature and contact information of the legal property owner, applicant or authorized agent.
- FILING FEE*.** Please refer to the current fee schedule.
- TITLE REPORT.** Prepared within the past three months (two copies).
- COMPLIANCE CHECKLIST.** Filled in and signed by the legal property owner.
- SITE PLAN.** Plan shall be drawn at 1 in. = 20 ft. or larger scale and shall include the following:
 - Exterior boundaries of property indicating dimensions of property lines, easements and lot area in square feet.
 - Dimensions of setbacks from property lines and between structures.
 - Location and dimensions of all existing and proposed structures including roof overhangs, pop-outs, projections and other architectural features, decks, porches, fences, walls, and other accessory structures. Clearly label plans showing what is existing and proposed and identify all structures to be demolished.
 - Location, dimension and purpose of all easements (i.e., water, sewer, access, etc.).
 - Location and dimensions of parking spaces for principal dwelling and proposed Accessory Dwelling Unit. Interior garage dimensions and garage door opening measurements are required.
 - Existing topography and proposed grading at two-foot contour intervals for slopes up to 5 percent and less than five (5) feet in height; and contour intervals of five (5) feet for slopes over 5 percent or five (5) feet in height.
 - Location, species, and size (measured 54 inches above the ground), of all existing trees.

***The City adjusts all fees and charges on an annual basis in accordance with the San Francisco - San Jose - Oakland Area Consumer Price Index, actual hourly rates for work performed by City employees, and the Construction Cost Index for the San Francisco Bay Area published in the most current edition of the Engineering News Record. The new fees are adopted following a public hearing and incorporated in the Master Fees and Charges Resolution July 1 of every year. Persons interested in how a particular fee is adjusted should contact the City department that administers the fee or the Finance Department.**

Planning Ministerial Review Compliance Checklist

Compliance		Accessory Dwelling Unit Regulations
Yes	No	
		Allowed in all single-family residential (RR, RS) districts, low density residential districts (RL), and other districts where a legal detached single-family home exists.
		Meeting setbacks based on ADU type: <ul style="list-style-type: none"> • Conversion of existing living area in a residence or structure = No additional setback • New addition to existing dwelling, new detached building, second-story above garage or principal dwelling = 5 feet min from side and rear. • Shall comply with the minimum required front and corner-side setbacks required for the principal dwelling.
		Within allowed lot coverage <u>OR</u> exceeding lot coverage but limited to 150 square feet
		Maximum size <ul style="list-style-type: none"> • On lots less than 12,000 net sq. ft., the floor area must be between 150 sq. ft. and 640 sq. ft., exclusive of the carport or garage. The ADU shall have no more than one bedroom. • On lots greater than 12,000 net sq. ft., the floor area must be between 150 sq. ft. and 1,200 sq. ft., exclusive of the carport or garage. The ADU shall have no more than two bedrooms. *Floor area for attached ADUs shall not exceed 50% of principal dwelling unit or 75% of the principal dwelling floor area if an attached garage or carport is proposed for the ADU. The attached garage or carport shall be excluded from the ADU square footage allowed.
		Height <ul style="list-style-type: none"> • Attached ADUs shall be shorter than or equal to the principal dwelling except as allowed above a garage or second-story addition. • Detached structures are limited to one-story, up to 12 feet in height. Height may be increased under applicable setback and height requirements pursuant to Section 18.200.030 of the Development Code, by one foot for every two feet of additional setback, to a max height of 16 feet.
		Design. The exterior appearance of the accessory dwelling unit shall match the principal dwelling in roof and siding materials and colors.
		Parking. Off-street parking for the principal home must be provided. *When a garage, carport, or covered parking structure for the principal dwelling unit is demolished in conjunction with the construction of an accessory dwelling unit, the replacement spaces may be located in any configuration on the same lot as the accessory dwelling unit, including, but not limited to, as covered spaces, uncovered spaces or tandem spaces contained within the space of an existing paved driveway.
		ADU Parking. One off-street parking space per bedroom is required for ADUs. Exemption. Required parking is not required for the following: <ol style="list-style-type: none"> i. The ADU is within one-half mile radius of a BART station. ii. The ADU is located within an architecturally and significant historic district. iii. The ADU is part of the existing principal residential dwelling or an existing legal detached accessory building. iv. When on-street parking permits are required but not offered to the occupant of ADU. v. When there is a car share vehicle located within one block of the ADU.
